Y9 Programming Project Due 8 May

Posted 12 Mar Assigned

This is the project outline for you to work on. You need to come up with a theme or an idea and prepare the questions/riddles/anagrams that you might want to ask.
You need to think about success criteria. Look in your book at the work we did on the cake recipe.
If you have access to Python 3.6 or have downloaded Anaconda to your computer please feel free to have a go at the coding for your project following the guidelines closely.

 Instructions for Candidat... Word

View assignment

Go into Google Classroom and into your subject.

Open the assignment and click View Assignment.

This will create a document with your name and the name of the assignment for you to work on. To open this just double click. See next slide for document example.

Hand in

When you have completed the work click the blue button that says Hand In.
Your teacher will then see your work – see next slide

Your teacher will then be able to see your work and give you a mark along with their comments.

This will be returned to you and posted on your stream but only you will be able to see it.
