

KEY WORKER PROVISION

Stover School and Siblings

Dear Parents

In these uncertain and hugely challenging times I would like to thank you for the work that you are doing in supporting the community in whatever form of key work that you are doing.

I would like to extend our offer to any school aged siblings that you have of pupils at Stover in the hope that this might minimise some of the impact that this situation is having upon you as a family.

If you could let me know ASAP that would be helpful.

Wishing you the very best

Mr RWD Notman
